**This form is for NRL Code 5591 (CMF) accounts.**

Use of this or any other DoD interest computer system constitutes a consent to monitoring at all times. This is a DoD interest computer system. All DoD interest computer systems and related equipment are intended for the communication, transmission, processing, and storage of official U.S. Government or other authorized information only. All DoD interest computer systems are subject to monitoring at all times to ensure proper functioning of equipment and systems including security devices and systems, to prevent unauthorized use and violations of statutes and security regulations, to deter criminal activity, and for other similar purposes. Any user of a DoD interest computer system should be aware that any information placed in the system is subject to monitoring and is not subject to any expectation of privacy.

If monitoring of this or any other DoD interest computer system reveals possible evidence of violation of criminal statutes, this evidence and any other related information, including identification information about the user, may be provided to law enforcement officials. If monitoring of this or any other DoD interest computer systems reveals violations of security regulations or unauthorized use, employees who violate security regulations or make unauthorized use of DoD interest computer systems are subject to appropriate disciplinary action.

### **\*\* DoD IAA Training Notification**

Before your account is activated, you will need to have completed the DoD Information Assurance Awareness (IAA) training within the last 12 months. If you need to take this training go to <http://www.navo.hpc.mil> and save a copy of your IAA Certificate of Completion. Please use your legal name on the IAA certificate. You will be contacted with instructions on how to submit the IAA Certificate of Completion prior to your account activation.
